VEXTA GROW

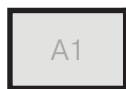

rostoucí domy

Dům je od počátku pečlivě navržen tak, aby plnil měnící se potřeby klienta v čase. Do stavby domu VEXTA GROW tedy nemusíte investovat víc, než potřebujete v době, kdy s vlastním bydlením začínáte. Přístavby dalších modulů řešíte až ve chvíli, kdy je opravdu potřebujete. Vše je navrženo tak, aby dům mohl „růst“ i za provozu. Hotovo je během pár týdnů.
